The Right Wrong Number - A Short Story

In The Right Wrong Number, a 30-page short story by bestselling author Barbara Delinsky, Carly Kelly has just been presented with a life-changing business opportunity for tiny nursery and flower store, Plant People. But she only has four days to decide, which means she will most likely have to cancel her weekend trip away. She dials her friends to let them know, and excitedly launches into a speech about the opportunity. But when she pauses, a sexy, inquisitive stranger is on the other end, and he's eager to hear about her store, her passions and her life. She's dialed the wrong number--- and the man on the other end, with his deep voice, his charming jokes and his excellent advice, is a surprise she never expected... Will this wrong number turn out to be right man for Carly? Don't miss this 30-page short story from bestselling author Barbara Delinsky. Featuring an excerpt from Barbara Delinsky's novel Sweet Salt Air.

Edge of Black

Revisit the thrilling Sam Owens series, with book two in the series from New York Times bestselling author J.T. Ellison. Dr. Samantha Owens is starting over: new city, new job, new man, new life. But before she's even unpacked her office at Georgetown University’s forensic pathology department, she's called to consult on a case that's rocked the capital and the country. An unknown pathogen released into the Washington Metro has caused nationwide panic. Three people died—just three. Amid the media frenzy and Homeland Security alarm bells, Sam painstakingly dissects the lives of those three victims and makes an unsettling conclusion. This is no textbook terrorist, but an assassin whose motive is deeply personal and far from understandable. Xander Whitfield, a former army ranger and Sam's new boyfriend, knows about seeing the world in shades of gray. About feeling compelled to do the wrong thing for the
right reasons. Only his disturbing kinship with a killer can lead Sam to the truth…and once more into the line of fire. Originally published in 2012 “Shocking suspense, compelling characters and fascinating forensic details.” —Lisa Gardner, # 1 New York Times bestselling author “A terrific thriller…fans of forensic mysteries, such as those by Patricia Cornwell, should immediately add this series to their A-lists.” —Booklist

**Beyond the Invisible Hand - Groundwork for a New Economics**

One of the central tenets of mainstream economics is Adam Smith's proposition that, given certain conditions, self-interested behavior by individuals leads them to the social good, almost as if orchestrated by an invisible hand. This deep insight has, over the past two centuries, been taken out of context, contorted, and used as the cornerstone of free-market orthodoxy. In Beyond the Invisible Hand, Kaushik Basu argues that mainstream economics and its conservative popularizers have misrepresented Smith's insight and hampered our understanding of how economies function, why some economies fail and some succeed, and what the nature and role of state intervention might be. Comparing this view of the invisible hand with the vision described by Kafka—in which individuals pursuing their atomistic interests, devoid of moral compunction, end up creating a world that is mean and miserable—Basu argues for collective action and the need to shift our focus from the efficient society to one that is also fair. Using analytic tools from mainstream economics, the book challenges some of the precepts and propositions of mainstream economics. It maintains that, by ignoring the role of culture and custom, traditional economics promotes the view that the current system is the only viable one, thereby serving the interests of those who do well by this system. Beyond the Invisible Hand challenges readers to fundamentally rethink the assumptions underlying modern economic thought and proves that a more equitable society is both possible and sustainable, and hence worth striving for. By scrutinizing Adam Smith's theory, this impassioned critique of contemporary mainstream economics debunks traditional beliefs regarding best economic practices, self-interest, and the social good.

**Claiming the Corner Office - Executive Leadership Lessons for Nurses**

Claiming the Corner Office is a practical guide for the nurse who aspires to be in a senior executive role in a profit or nonprofit organization, an entrepreneur who aspires to creating a business, or the individual who wishes to serve in a governance role on a not-for-profit or corporate board. This book greatly assists those individuals who work closely with leaders, entrepreneurs and governance experts. The experiences of several nurse entrepreneurs and senior executives highlight those skills, competencies, and experiences required as the nurse develops a career strategy leading to a senior executive or entrepreneurial role.

**The Big Honkin' Activity Book**

What’s better than blasting aliens on-screen or watching TV…and keeps a kid entertained for hours? This big, fat book, filled with hundreds of games, puzzles, quizzes, things to draw and doodle, and weird stuff too!
