**Philosophy A Visual Encyclopedia**

The perfect book for young readers looking to explore some of life's biggest questions. Thousands of years ago, ancient philosophers asked some important questions: "What is real?", "What is the point of my existence?", "Why is there evil in the world?", and "What can I know?" These questions have gone on to spark passionate debates about our existence and how we understand the world around us. In this engaging and accessible introduction to philosophy, readers aged 11+ will be introduced to a variety of philosophical ideas through the teachings of Plato, Confucius, Simone de Beauvoir, and many more. Vibrant, reader-friendly illustrations bring the history of ideas and thinking to life, and provide topics for reflection and debate. With biographies of the most influential philosophers from around the world, young readers will explore the questions that have been fundamental to the development of scientific study, logical thinking, religious beliefs, freedom in society, and much more. Thought experiments peppered throughout will help to connect readers with the theories presented so they can apply them to their own lives.

**The Kingfisher Atlas of the Ancient World**

THE KINGFISHER ATLAS OF THE ANCIENT WORLD features 17 beautiful, hand-illustrated maps and packed with fascinating information to feed children's interest in the ancient world. Clear, accessible text introduces the civilisation and its history before going on to describe interesting details about that culture's people and the objects and buildings they have left behind. Full-colour photographs add to each spread's appeal. In addition to the main spreads, a small number of feature spreads throughout the book focus more closely on a well-known civilisation, allowing readers to build on their interest and find out more about ever-popular topics such as the ancient Egyptians and imperial Rome.

**Children's Illustrated History Atlas**

Bring history to life with more than 40 colourful maps in this children's atlas full of fascinating nuggets of information about our past. This beautiful history atlas helps children learn about world history all the way from the first people leaving Africa right up to how the world looks now, with a modern world map. Journey around the world as you learn its history, with maps showing everything from the awe-inspiring Great Wall of China to the when and how of the US Civil War. Children are shown how to read a map and how to use a key, compass, and scale. Each map is bursting with information, such as how big the Roman Empire was, how explorers made incredible journeys around the world, and when humans first travelled into space. Children's Illustrated History Atlas is an essential addition to every child's library and includes a beautiful illustrated poster. Young history buffs will love this time-travelling adventure.

**History of the World Map by Map**

Much more than a history atlas, this book drops you right in the heart of the action, as 130 detailed maps tell the story of pivotal episodes in world history, from the first human migrations out of Africa to the race for space. After the foreword written by renowned broadcaster and historian Peter Snow, purpose-made regional and global maps present the history of the world as it happened, charting how events traced patterns on land and ocean - patterns of exploration, discovery, or conquest that created powerful empires, fragile colonies, or terrifying theatres of war. An interplay of text and graphics leads you around the page so that you can follow the story of civilizations through ancient, medieval, and modern times. But not every page is full of maps. At key points in History of the World Map by Map, broad, sweeping introductions provide a chance to step back and look at entire periods, such as World War 2, or to explore
overarching themes, such as the Industrial Revolution. Picture spreads, meanwhile, focus on epoch-defining moments or developments, such as fascism and communism, and the invention of printing.

**World War II: Visual Encyclopedia**

This comprehensive visual encyclopedia explores World War II in fascinating detail and explains why this global event must never be forgotten. *World War II: Visual Encyclopedia* shows children the causes, battles, people, and aftermath, while cutting-edge CGI technology brings infamous events back to life. Learn about weaponry, tanks, ships, aircraft, campaigns, and military strategies. Read firsthand accounts of major campaigns and battles throughout the war. Uncover hundreds of biographies of wartime leaders and brave soldiers who served on the battlefields. Find out how technological advances influenced the final outcome. Key information is available at a glance, alongside data boxes, facts and stats, and inspiring quotations. From the fastest fighter plane to the longest battle, you'll discover everything you ever wanted to know, and much, much more. Whether you're a history buff or simply want help on a school project, this standout reference covers every aspect of World War II and the important part it has played in world history.

**Oscar's Tower of Flowers**

A wordless picture book for the very young--bursting with green!--celebrates community, gardening, and sharing beauty with the world. Oscar's mom has to go away for a little while, so Oscar is staying with his nana. He likes being with Nana in her apartment building, but he still misses his mom. One day, Nana has an idea, and together they carefully sow seeds--lots and lots of seeds! They water them and wait . . . and then the seeds start to grow and the flowers begin to bloom and there are plants everywhere. Luckily Oscar has a great idea for what they can do with the blossoms--share them! This brightly illustrated wordless picture book is full of graphic panels and sweeping spreads that evoke the urban bustle of a busy high-rise apartment and shows how each person can contribute to the spirit and vitality of a community.
