**A Killing in Amish Country - Sex, Betrayal, and a Cold-blooded Murder**

At just 30 years old, with dark-blonde hair and freckles, Barbara Weaver was as pretty as the women depicted on the covers of her favorite "bonnet" stories - romance novels set in Amish America. Barbara had everything she'd ever wanted: five beautiful children, a home, her faith, and a husband named Eli. But while Barbara was happy to live as the Amish have for centuries - without modern conveniences, Eli was tempted by technology: cell phones, the Internet, and sexting. Online he called himself "Amish Stud" and found no shortage of "English" women looking for love and sex. Twice he left Barbara and their children, was shunned, begged for forgiveness, and had been welcomed back to the church. Barb Raber was raised Amish, but is now a Conservative Mennonite. She drove Eli to appointments in her car, and she gave him what he wanted when he wanted: a cell phone, a laptop, rides to his favorite fishing and hunting places, and, most importantly, sex. When Eli starts asking people to kill his wife for him, Barb offers to help. One night, just after Eli had hitched a ride with a group of men to go fishing in the hours before dawn, Barb Raber entered the Weaver house and shot Barbara Weaver in the chest at close range. It was only the third murder in hundreds of years of Amish life in America, and it fell to Edna Boyle, a young assistant prosecutor to seek justice for Barbara Weaver.

They also report on an Amish serial killer, a fatal attraction that led to a murder, and on a minister's wife whose illicit passion drove her to murder. In Arizona's, they update several cases, including: a man suspected of marrying vulnerable women, then killing them; two infamous Arizona killers freed after decades in prison; television's "it girl" Jodi Arias; a woman who was her mother-in-law's worst nightmare; and a football mom who got a little too cozy with members of her son's high school team. And in Utah's edition, they report on one of the most sensational and heartbreaking crimes they've come across-Megan Huntsman, the Utah mother who hid seven dead infants in a garage; a cold case that was finally solved by a child's Lego; the rogue Fundamentalist Mormon who thought it was his right to marry and rape young girls; the sad case of children dying in hot cars; the husband who ended years of lying with murder; and an update on the disappearance of Susan Cox Powell, the case Olsen and Morris write about in their book If I Can't Have You. Stella Nickell's small-time world was one of big-time dreams. In 1986, her biggest one came true when her husband died during a seizure, making her the beneficiary of a $175,000-plus insurance payoff—until authorities discovered Bruce Nickell's headache capsules had been laced with cyanide. In an attempt to cover her tracks, Stella did the unconscionable. She saw to it that a stranger would also become a "random casualty" of cyanide-tainted painkillers. But Stella's cunning plan came undone when her daughter Cynthia notified federal agents. And troubling questions lingered like the secret of bitter almonds... What would turn a gregarious barfly like Stella into a cold-hearted killer overnight? Why would Cynthia, a mirror image of her mother, turn on her own flesh and blood? Did Cynthia reveal everything she knew about the crimes?
