in the company of courtesan sarah dunant

**In the Company of the Courtesan - A Novel**

My lady, Fiammetta Bianchini, was plucking her eyebrows and biting color into her lips when the unthinkable happened and the Holy Roman Emperor’s army blew a hole in the wall of God’s eternal city, letting in a flood of half-starved, half-crazed troops bent on pillage and punishment. Thus begins In the Company of the Courtesan, Sarah Dunant’s epic novel of life in Renaissance Italy. Escaping the sack of Rome in 1527, with their stomachs churning on the jewels they have swallowed, the courtesan Fiammetta and her dwarf companion, Bucino, head for Venice, the shimmering city born out of water to become a miracle of east-west trade: rich and rancid, pious and profitable, beautiful and squalid. With a mix of courage and cunning they infiltrate Venetian society. Together they make the perfect partnership: the sharp-tongued, sharp-witted dwarf, and his vibrant mistress, trained from birth to charm, entertain, and satisfy men who have the money to support her. Yet as their fortunes rise, this perfect partnership comes under threat, from the searing passion of a lover who wants more than his allotted nights to the attentions of an admiring Turk in search of human novelties for his sultan’s court. But Fiammetta and Bucino’s greatest challenge comes from a young crippled woman, a blind healer who insinuates herself into their lives and hearts with devastating consequences for them all. A story of desire and deception, sin and religion, loyalty and friendship, In the Company of the Courtesan paints a portrait of one of the world’s greatest cities at its most potent moment in history: It is a picture that remains vivid long after the final page.

In The Company Of The Courtesan

With their stomachs churning on the jewels they have swallowed, the courtesan Fiammetta and her companion dwarf Bucino escape the sack of Rome. It's 1527. They head for the shimmering, decadent city of Venice. Sarah Dunant's epic novel of sixteenth-century Renaissance Italy is a story about the sins of pleasure and the pleasures of sin, an intoxicating mix of fact and fiction, and a dazzling portrait of one of the world's greatest cities at its most potent moment in history.

The Birth of Venus - A Novel

Alessandra Cecchi is not quite fifteen when her father, a prosperous cloth merchant, brings a young painter back from northern Europe to decorate the chapel walls in the family's Florentine palazzo. A child of the Renaissance, with a precocious mind and a talent for drawing, Alessandra is intoxicated by the painter's abilities. But their burgeoning relationship is interrupted when Alessandra's parents arrange her marriage to a wealthy, much older man. Meanwhile, Florence is changing, increasingly subject to the growing suppression imposed by the fundamentalist monk Savonarola, who is seizing religious and political control. Alessandra and her native city are caught between the Medici state, with its love of luxury, learning, and dazzling art, and the hellfire preaching and increasing violence of Savonarola's reactionary followers. Played out against this turbulent backdrop, Alessandra's married life is a misery, except for the surprising freedom it allows her to pursue her powerful attraction to the young painter and his art. The Birth of Venus is a tour de force, the first historical novel from one of Britain's most innovative writers of literary suspense. It brings alive the history of Florence at its most dramatic period, telling a compulsively absorbing story of love, art, religion, and power through the passionate voice of Alessandra, a heroine with the same vibrancy of spirit as her beloved city.

Sacred Hearts

Condemned by sixteenth-century demands for lucrative dowries in order to marry, young Serafina is ripped from an illicit love affair and confined in a Renaissance Italy convent, a situation against which she passionately rebels and reminds the convent's doctor of her own unhappy early years. 200,000 first printing.

Mapping the Edge - A Novel

People go missing every day. They walk out of their front doors and out of their lives into the silence of cold statistics. For those left behind it is the cruelest of long good-byes. Anna, a self-sufficient and reliable single mother, packs her bags one day for a short vacation to Italy. She leaves her beloved six-year-old daughter, Lily, at home in London with good friends. But when Anna doesn't return, everyone begins to make excuses until the likelihood that she might not come back becomes chillingly clear. And the people who thought they knew Anna best realize they don't know her at all. How could she leave her daughter? Why doesn't she call? Is she
enjoying a romantic tryst with a secret lover? Or has she been abducted or even killed by a disturbed stranger? Did that person you loved so much and thought you knew so well did they simply choose to go and not come back? Or did someone do the choosing for them? Dunant, a masterly British suspense writer, skillfully interweaves parallel narratives that are stretched taut with tension even as they raise difficult questions about motherhood, friendship, and accountability. In this compelling hybrid of sophisticated crime writing and modern women's fiction, Dunant challenges and unnerves us as she redefines the boundaries of the psychological thriller. Missing rubs the soul raw. In place of answers all you have is your imagination.

**In the Name of the Family - A Novel**

Before the Corleones, before the Lannisters, there were the Borgias. One of history’s notorious families comes to life in a captivating novel from the author of The Birth of Venus. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY COSMOPOLITAN (UK) AND THE TIMES (UK) “In the end, what’s a historical novelist’s obligation to the dead? Accuracy? Empathy? Justice? Or is it only to make them live again? Dunant pays these debts with a passion that makes me want to go straight out and read all her other books.”—Diana Gabaldon, The Washington Post

Bestselling novelist Sarah Dunant has long been drawn to the high drama of Renaissance Italy: power, passion, beauty, brutality, and the ties of blood. With In the Name of the Family, she offers a thrilling exploration of the House of Borgia’s final years, in the company of a young diplomat named Niccolò Machiavelli. It is 1502 and Rodrigo Borgia, a self-confessed womanizer and master of political corruption, is now on the papal throne as Alexander VI. His daughter Lucrezia, aged twenty-two—already three times married and a pawn in her father’s plans—is discovering her own power. And then there is his son Cesare Borgia, brilliant, ruthless, and increasingly unstable; it is his relationship with Machiavelli that gives the Florentine diplomat a master class in the dark arts of power and politics. What Machiavelli learns will go on to inform his great work of modern politics, The Prince. But while the pope rails against old age and his son’s increasingly erratic behavior, it is Lucrezia who must navigate the treacherous court of Urbino, her new home, and another challenging marriage to create her own place in history.

Sarah Dunant again employs her remarkable gifts as a storyteller to bring to life the passionate men and women of the Borgia family, as well as the ever-compelling figure of Machiavelli, through whom the reader will experience one of the most fascinating—and doomed—dynasties of all time. “Enthralling . . . combines flawless historical scholarship with beguiling storytelling.”—The Guardian “Renaissance-rich details fill out the humanity of the Borgias, rendering them into the kind of relatable figures whom we would hope to discover behind the cold brilliance of The Prince.”—NPR “[Dunant] has an enviable command of this complex political scene, with its shifting alliances and subtle betrayals. . . . [She] has a special gift for attending to her female characters.”—The New York Times

**Blood and Beauty - A Novel About the Borgias**

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY KIRKUS REVIEWS The New York Times bestselling author of the acclaimed Italian Renaissance novels—The Birth of Venus, In the Company of the Courtesan, and Sacred Hearts—has an exceptional talent for breathing life into
history. Now Sarah Dunant turns her discerning eye to one of the world's most intriguing and infamous families—the Borgias—in an engrossing work of literary fiction. By the end of the fifteenth century, the beauty and creativity of Italy is matched by its brutality and corruption, nowhere more than in Rome and inside the Church. When Cardinal Rodrigo Borgia buys his way into the papacy as Alexander VI, he is defined not just by his wealth or his passionate love for his illegitimate children, but by his blood: He is a Spanish Pope in a city run by Italians. If the Borgias are to triumph, this charismatic, consummate politician with a huge appetite for life, women, and power must use papacy and family—in particular, his eldest son, Cesare, and his daughter Lucrezia—in order to succeed. Cesare, with a dazzlingly cold intelligence and an even colder soul, is his greatest—though increasingly unstable—weapon. Later immortalized in Machiavelli’s The Prince, he provides the energy and the muscle. Lucrezia, beloved by both men, is the prime dynastic tool. Twelve years old when the novel opens, hers is a journey through three marriages, and from childish innocence to painful experience, from pawn to political player. Stripping away the myths around the Borgias, Blood & Beauty is a majestic novel that breathes life into this astonishing family and celebrates the raw power of history itself: compelling, complex and relentless. Praise for Blood and Beauty “Dunant transforms the blackhearted Borgias and the conniving courtiers and cardinals of Renaissance Europe into fully rounded characters, brimming with life and lust.”—The New York Times Book Review “Like Hilary Mantel with her Cromwell trilogy, [Sarah] Dunant has scaled new heights by refashioning mythic figures according to contemporary literary taste. This intellectually satisfying historical saga, which offers blood and beauty certainly, but brains too, is surely the best thing she has done to date.”—The Miami Herald “Compelling female players have been a characteristic of Dunant’s earlier novels, and this new offering is no exception. . . . The members of this close-knit family emerge as dynamic characters, flawed but sympathetic, filled with fear and longing.”—The Seattle Times “The Machiavellian atmosphere—hedonism, lust, political intrigue—is magnetic. . . . Readers won’t want the era of Borgia rule to end.”—People (four stars)

**Transgressions**

Elizabeth is a modern woman. Smart. Independent. As sexual as she wants to be—whomever she wants to be. But a breakup with her academic boyfriend has hit her harder than she cares to admit. And while her latest gig, translating a glitzy Czech thriller into English, offends her literary sensibilities, it arouses others with its steamy scenes of eroticism, violence, submission, and dominance. Then, when her favorite Van Morrison CD disappears from its rack and her house is inexplicably violated, Elizabeth is afraid she’s starting to lose it—she even consults a local vicar about the possibility of poltergeists. But what this woman in the lovely Victorian is experiencing is not supernatural. Nor is it madness. For in the dead of night, she will suddenly come face-to-face with her tormentor. She will smell him, she will touch him, and she will make a choice. Then the real haunting will begin.

**Birth Marks - A Hannah Wolfe Crime Novel**

In Birth Marks, private investigator Hannah Wolfe gets a case worthy of the great detective novels she so admires. At first glance, this one doesn't fit the bill: she's asked to find a missing ballet dancer, Carolyn Hamilton. When Carolyn's body is fished out of the Thames, stones in
her pockets and an eight-month-old fetus in her belly, the police think it's a no-brainer: Single pregnant woman can't face her impending responsibilities, takes a leap off a bridge. But Hannah can't shake the suspicion that something else is going on. Hannah's investigation takes her from the London dance world to the upper echelons of Parisian society in search of the unborn child's father. But his explanation only raises more questions, and for Hannah the case grows more treacherous, fueling her own ambivalent feelings about relationships and motherhood.
